

## STREAMLINING TELECOM INFRASTRUCTURE TRANSITION

In the dynamic world of telecommunications, PICS Telecom stands at the forefront with our Field Returns Service. We recognize the challenges posed by rapidly evolving technology, leading to underused equipment. Our service is designed to revitalize these assets, turning them into valuable components within the circular economy.

## BENEFITS

- **Streamlined Transition Process:** Our customized planning ensures a smooth and efficient relocation experience.
- **Guaranteed Asset Safety:** Expert handling and secure transportation minimize the risk of damage.
- **Global Relocation Capability:** Leveraging our worldwide logistics network for reliable asset movement.
- **Operational Continuity:** Our approach significantly reduces downtime, maintaining operational efficiency.
- **Seamless Installation Support:** Post-relocation assistance ensures quick resumption of normal operations.
- **Alignment with Sustainability Goals:** Our service aligns with PICS Telecom's commitment to sustainability.

## OVERVIEW

- **Customized Relocation Planning:** Tailored strategies to meet specific relocation requirements.
- **Comprehensive Asset Handling:** Expert handling of all types of telecom equipment during transit.
- **Advanced Logistics Coordination:** Utilizing our global logistics network for efficient asset movement.
- **Secure Transportation Solutions:** Ensuring the safe and secure transit of valuable telecom assets.
- **Minimal Disruption Approach:** Strategies designed to minimize operational downtime during relocation.
- **Post-Relocation Support:** Assistance with installation and setup at the new location.

Our asset relocation service provides more than just transportation; we offer a comprehensive solution that ensures the safe, efficient, and environmentally conscious relocation of your telecom assets. Our service is tailored to meet your specific needs, so you get a transition that is as seamless as it is sustainable.

## EMBRACING SUSTAINABILITY AND EXPERTISE

Aligned with PICS Telecom's tagline "Bringing Technology Full Circle," Our Asset Relocation Service is a testament to our commitment to sustainable practices in the telecom industry. We ensure that each step in the relocation process not only preserves the integrity of your assets but also adheres to environmentally responsible practices, minimizing waste and promoting the reuse of equipment.
